WELCOME

As the Principal of Special Campuses/ALC, I am excited and honored to be serving the AISD community in such a transformative role. It is my belief that the purpose of the ALC is to provide a most needed opportunity for students to restore themselves socially, emotionally, and academically. At ALC, we have the opportunity of ensuring that all students are provided an equal opportunity to get a fresh start and make a commitment to get on track and work on personal goals. Together with the dedicated professionals serving our students at ALC, we will continue to support students, families, and the greater Austin community to ensure that we are working to address the needs of our students.

Chris Jones

Principal of Special Campuses/ALC

Austin Independent School District

MISSION

It is the mission of the Alternative Education Department to provide a robust and rigorous learning environment for students, through the lens of cultural proficiency and responsiveness, by attending to the needs of the Whole Child and providing a restorative climate invested in healing harms and preparing students for a continued chance at academic and behavioral success.

MOTTO

“See a child differently, you see a different child.”

- Mary Meredith

GUIDING BELIEFS

1. Every experience with students is a teachable moment.
2. All students can learn responsible behavior when they are provided with a safe, predictable, and rewarding environment.
3. Every student is an individual with unique learning needs.
4. All students must be treated with dignity and respect.
5. All students can achieve social, behavioral, and academic success when basic needs are met, social skills are taught, relationships based on mutual respect and trust are present, behavioral structure is firmly in place, and high levels of achievement are expected.

PURPOSE

The purpose of the Alternative Learning Center is to provide students with the ability to maintain academic success in a school setting while addressing behavior and/or disciplinary issues.

PROGRAM DESCRIPTION

The ALC is a Discipline Alternative Education Program (DAEP). Students are removed here after a due process removal hearing at their home campuses. The Texas Education Code (TEC), Chapter 37 establishes the statutes related to student discipline in public schools. This chapter details the operational guidelines, requirements, and responsibilities of DAEPs. Please be aware that the school district is required by statute to provide courses of study necessary to fulfill a student's high school graduation requirements. Furthermore, all DAEP teachers are required to meet all certification requirements established by the State of Texas. Moreover, DAEPs must meet the needs of students with disabilities.

ENROLLMENT

Students and their families will be made aware of their removal by their home campus during the due process removal hearing. At that time, the home campus will initiate the enrollment process by distributing a registration packet to the family. All registration materials must be completed before arriving at the Alternative Learning Center for new student orientation. Students must be enrolled by a parent or legal guardian.

New student orientation occurs Monday-Thursday at 8:30am (**please arrive on-time, late arrivals will not be allowed and will need to register the following day**) and will prepare new students and their families for the expectations and guidelines they are expected to adhere to while at the ALC. Families will have an opportunity to meet with counseling staff, our campus nurse, and secure bus service at this time. Upon successful completion of the new student orientation process the student will be enrolled in their appropriate classes at ALC.

PROGRAM CHARACTERISTICS

CLASS SIZE: maximum of 15 students per teacher per law.

SPECIAL EDUCATION / 504 STUDENT MANAGEMENT: All Change of Placement Manifestation Determination ARDs are to be conducted by the home school, both upon entry and exit.

THE ALC CURRICULUM: Teachers use Austin ISD curriculum documents in planning and delivering content. In addition, the Austin ISD Yearly Planning Guide (YPG) is used to ensure students entering and leaving the ALC are where all other students are within the curriculum. Every student also takes a mandatory Social Skills class while at the ALC.

The ALC placement will not prohibit a student from completing coursework required for graduation. Students are expected to complete all classwork, will have computers available and contact with the home school teachers through Austin ISD email & BLEND. Students are encouraged to complete home campus coursework with priority. ALC follows the AISD curriculum as mandated for all schools.

DRESS CODE

Parents, familiarize yourself with the dress code and ensure that your student arrives at the ALC in dress code compliance each day including registration/first day of removal. **For the first offense, students not in compliance with the dress code will be given the opportunity to change and comply with the dress code. Students removed to the ALC are taught by appropriately certified teachers in the four core academic areas of Social Studies, Science, English Language Arts, and Math. PROGRAMS AND SERVICES OFFERED

The Alternative Learning Center works with a wide array of community partners to provide restorative programs and services to students while they are enrolled at our campus. A list of current programs and services is available upon request.

Information will be provided during registration for all qualified students and families.

REVIEW AND TRANSITION

Any student removed to the ALC for more than 20 school days is eligible for review by their home campus behavior committee. The review process is a collaboration between the ALC and a student's home campus which focuses on attendance, academics, behavior, and individual growth. Student progress will be documented and distributed for review by the home school, and they will determine whether a student is eligible for a shortened removal. If the student's removal will continue, the home campus behavior committee is responsible for providing measurable objectives for the student to complete before their next review.

It is the mission of the Alternative Learning Center to provide a robust and rigorous academic environment for students, through the lens of cultural proficiency and responsiveness, by attending to the needs of the Whole Child and providing a restorative climate invested in healing harms and preparing students for a continued chance at academic and behavioral success. To guarantee our students have a smooth transition back to their home campus, transition facilitators will work collaboratively with the home campus to ensure prevention and effective intervention to student's education. This includes, but is not limited to the following:

- Completion of "ALC Student Transition Plan" by campus support staff and teachers
- Linking of student grades earned while at ALC to maintain academic progress
- Transition meeting with home campus behavior support team and transition facilitator in attendance as requested.
